ECOSHIELD™ 1.0

The ECOSHIELD™ urinal sleeve helps prevent blockages And keep urinal traps and pipe work clear. Utilising Nurazyme™ bio block technology and a unique one-way Odour-trap it protects against blockages and the build Up of urinal smells, reducing odours and enhancing the Washroom environment.

Key features

- Reduces blockages and keeps urinal traps and pipe work clear
- Nurazyme™ bio-block breaks down the build-up of uric salt using natural enzymes and 'friendly' bacteria
- Subtle red berry fragrance
- Connects to the urinal trap allowing it to be installed in all standard urinals and troughs
- Use in conjunction with the FLOWSAVER Water Saving Device

Reduce blockages

The ECOSHIELD™ ensures that waste materials such as chewing gum, paper and other rogue items cannot enter the waste pipes and cause blockages.

Reduce odour

Much of the smell associated with male washrooms is caused by the build-up of uric salts in areas such as the urinal

pipework. The ECOSHIELD™ can significantly improve this, as the Nurazyme™ bio-block contained within it breaks down uric salts and limescale using natural enzymes and 'friendly' bacteria. It also features a unique one-way odour-trap to further reduce pipe work odour.

Professionally installed

To ensure maximum effectiveness, as part of the installation process, our technical installation team deep clean the pipe work from the urinal right back to the stack, removing limescale and uric salts that have built up over time.

The ECOSHIELD™ is installed into the urinal, and is adjusted to ensure the right amount of Nurazyme™ bio-block is released to suit the footfall of the washroom and the flush pattern of the urinal.

Eco-friendly

The ECOSHIELD™ is designed to have a positive environmental impact, as the Nurazyme™ bio-block utilises natural bacteria which eliminate the need to use harmful cleaning chemicals, and the sleeve itself is fully recyclable at the end of its lifespan.

Product specification

- Construction Strong and durable
ABS plastic construction
- Colours White and Nickel

ELIMINATE URINAL MALODOURS AND BLOCKAGES WITH A URINAL SLEEVE
