EWFR/8.0

TECHNICAL DATA SHEET

EW Fixed Rainfall shower head EWFR/8.0

The Rainfall Volumiser Shower marks the dawn of a revolutionary new era in shower technology.

The fabulously sleek, minimal and contemporary design of the shower housing is complemented by a high chrome finish. It's lightweight so perfect for applications where a brass shower head isn't an option.

Designed to appeal to those who really appreciate a good shower, but want to save on water and energy. The flow maybe low at only 10 litres every minute, but this device delivers in performance, offering a pattern with wipe clean nozzles for the ultimate showering experience.

Experience the invigorating Rain Shower.

Key features

- Water saving patented volumiser technology
- Shower head with hydro setting
- No tools needed
- Wipe clean rubber nodules
- Retrofittable, simple, easy installation
- The shower will work on wall mounted arms and ceiling mounted outlets

Benefits

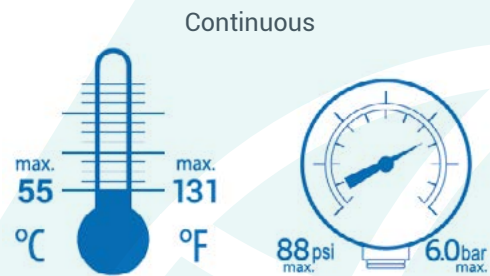

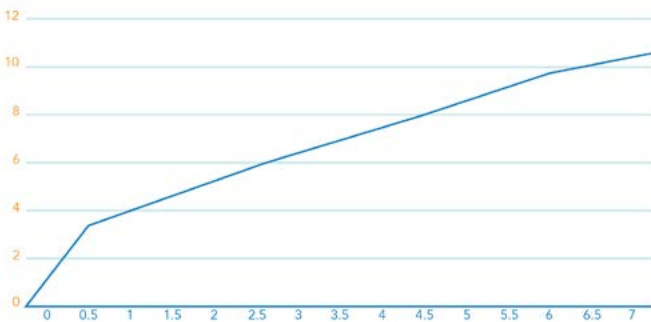

- Eco shower that feels like a high flow shower
- Saves 70% water compared to a standard shower (based on a 3 bar mains flow rate of 10 Ltr/min)
- Save heating energy through saving water
- Skin feels clean, refreshed and softer

SAVES 65% WATER SAVING • SAVES MONEY • SAVES ENERGY

KEY FACTS

Pressure range	1 bar – 6 bar
Fitting size	Wall Showerhead
Dimensions	Head diameter 200mm, Length 220mm
Product stability	5°C - 55°
Volumised flow rate @ 3 bar	10 ltr+
Operating medium	Drinking water
Colour	Chrome
Material	ABS

LAMINAR FLOW RATE (ltr/min)

CARE & CLEANING

- Wipe clean rubber nodules
- Retrofittable, simple, easy installation
- The shower will work on wall mounted arms and ceiling mounted outlets.

WARNING

1. To avoid hot water dangers and conserve even more energy, make sure your water heater is set at 48°C (118°F) or below.
2. Test the shower water with your hand before bathing.
3. Always ensure the shower head is fixed properly, to prevent the shower head from falling.
4. Do not pull on or tug the showerhead once it is fixed.
