Product code:

EWUWT/S18

TECHNICAL DATA SHEET

EW Utility Wash Tap S18

FEATURES

- Water saving 0.6 l/min flow rate (0.15 gallons per min)
- Dual threaded design makes for easy installation
- Volumised stream reduces spray and splash
- Domed inlet screen for maximum volumiser life
- Easy installation
- Pressure angle compensating for an even spray
- Conforms to WRAS, NSF, KTW, W270

BENEFITS

- Saves 80% water compared to an 'A' rated aerator
- Saves 100% energy as the water does not need heating
- Cold water supply does not feel cold when Volumised
- Simple to fit

KEY FACTS

Pressure range
1 bar - 6 bar

Fitting size
Compatible with std 1/2"
BSP shower hoses

Product stability
5°C - 55°C

Volumised flow rate @ 3 bar
0.6 ltr+ - 0.05 l/min

Operating medium
Drinking water

Colour
Chrome

Material
POM

– SAVES 80% WATER – SAVES MONEY – SAVES ENERGY –
